## **Reflection 2021 and Looking at 2022 in a Mirror.**

Thank God! We are here in 2022.

With grateful heart and appreciation to the Lord for answering prayers offered by many on our behalf and encouragement received from brethren we can now say Ebenezer!

Entering the year 2021 was dramatic in the midst of global pandemic COVID 19. It was unprecedented in the experience of almost everyone living and characterized by global health restrictions and protocols... Causing confusion, insecurity, stigma, and emotional isolation mostly noticed in our service delivery to targeted communities. Expressions of anxiety, panic, stress and fear can easily be seen here in January 2022.

Beginning of 2021 in the midst of global pandemic, WOTA had already planned to initiate a ministry within WOTA whose focus would be to look at the need for effective leadership at every level of local church ministries such as Music, hospitality, Sunday school, evangelism, youth, mission sending, eldership, pastoral, administrative, governors, prayers & Intercession and service institutions to enable those involved to achieve intended end results in their service to others.

**Core Training Service(CTS)** was formed to fulfill above WOTA's ideals and be that specialized ministry to initiate ministry models, capacity building and training that will foster different leadership roles path ways in the local churches and institutions into highly effective and result oriented teams that perform service at optimum ground pleasing the Lord of the Harvest.

In view of WOTA sending mandate of placing Christian global workers in critical location around the world to serve as salt and light in needy regions,**Core Training Service (CTS)** first challenge was to set up a one (1) year training course to equip global workers for service and help avoid attrition for Zambia global workers outreach.

**Pre-Field Global Workers Training** was initiated in April 2021 in the context of the pandemic COVID 19 as an online training.

WOTA recruited 62 students as first fruit for Core Training Service (CTS) from Eastern, North Western, Copper belt and Lusaka provinces of Zambia. Looking beyond COVID19 pandemic, CTS enrolled professionals and clergy as students for its first Pre-Field Global Workers Training to be equipped for a year in readiness for mission sending. During the course of our online training we encountered a lot of challenges due to bad internet connections from time to time and some of students could not be able to afford the cost of buying internet bundles to enable them have internet connection. We only managed to

train to date 34 students. We hope to have the 34 graduate by the end of May 2022. We are currently remaining with seven training courses to completion namely, Personal & Family wellness, Understanding Islam, Life and Ministry among Muslims, Strategic principles of Missions History, Leadership & Development, Language learning Skills and Business in Mission.

We treasure your ongoing prayers support as we seek together the Lord to enable WOTA facilitates the placing of workers on the harvest field where the Lord is calling them either here at our doorsteps or there in the region beyond. We are praying that each of those doing this one year Pre-Field global Workers Training shall find a place of obedience in the service of the Lord in His Harvest.

**I truly believe every effort and step towards building capacity for the Church in Zambia and Africa shall result in sharpening local churches focus becoming missional to Jesus Glory and the joy of Nations!**

### **Ignite Christian Service (ICS)**

This ministry is geared towards influencing our nation (Zambia) with Biblical transformational truth starting with one of the core sectors of the nation – Education.

We believe education develops a country's economy and society; therefore, it is the milestone of a nation's

development. Education provides knowledge and skills to the population, as well as shaping the personality of the youths of a nation. Youths of today are emerging leaders positioning themselves to lead and give direction to tomorrow's world. Hence, the need for ICS strategic biblical interventions in education to give a big impact on humanity opportunity in continuing their life quality. As children of Abraham, WOTA sees the official partnership with government through the Ministry of General Education (MOGE) to do activities in schools as an opportunity to fulfill biblical mandate to be salt of the earth and light of the world. Genesis 12:3 "...and in thee shall all the families of the earth be blessed."

**This year 2022 we seek to establish by God's grace an ongoing platform for activities in schools with two pronged strategy reaching educators and students in fulfilling biblical mandate given to us as Abraham's descendants.** We hope many shall see this as an open door of opportunities that the Lord has given to the church in Zambia and elsewhere to reaching our nation and bless families, communities and society for Jesus Glory.

**Here is WOTA's program area of activities:**

1. Leadership, management and supervisions
2. Teacher's Preparedness

### 3. Learners Support

Our mandate of activities is only limited to North Western Province at this piloting stage.

North Western Province of Zambia has 11 districts with more than 300,000 learners and more than 10,000 educators.

We hope to conduct leadership training activities in 4 districts this year 2022. Each training event will host not less than 120 participants in attendance. Each district will have two (2) sessions of leadership training seminars. Our target group shall be in the following categories: Those serving at District Education Boards, Head Teachers, Head of Departments, Senior Teachers, and Guidance & Counseling Teachers. This year Ignite Christian Service (ICS) hope to train 960 educators in schools.

#### **ICS – Learners Support Activities 2022.**

Learners 'support is our direct link with learners and communities.

The Ministry of General Education has announced the schools shall open and run normally while observing COVID 19 health guidance and protocols. Schools shall open on the 24<sup>th</sup> of January 2022. ICS will be able to function in the same context observing COVID 19 Health guidance and protocols.

## **ICS Learners Bible Clubs**

At the heart of ICS interventions in schools are ICS Learners Bible Clubs. We hope to initiate and establish this year ICS Bible Clubs in three (3) districts in the North Western Province of Zambia.

Each district to have three (3) primary schools and seven (7) Secondary Schools piloting ICS learners Bible Clubs. We need to purchase 357 Bibles from Bible Society of Zambia for use during ICS Learners Bible Clubs to support learners in their learning.

We have in place already teaching materials to be used for each session for weekly ICS Bible Clubs in every school. We just need to organize them for each session of the week. Printing materials. Etc.

Each primary school will have organized leadership to administer ICS Bible Club sessions and activities. The Clubber's Team Action Members (CTAM) shall take leadership at Bible Club level for each school. Each ICS Learners Bible Clubs will have thirteen (13) CTAM serving at the school ICS Bible Club level. The thirteen (13) CTAM will be comprised of three (3) school teachers, three (3) members of the community representing local churches and seven (7) learners on CTAM. This means we will have on primary school levels for our piloting in three districts 27 primary school teachers, 27 members of the communities representing local churches and 63 learners serving on CTAM

this year in primary schools. Will have a total of 117 leaders on CTAM at Primary school level this year 2022.

In the same way, each secondary school will have an organized leadership team to administer ICS Bible Club sessions and activities. We hope to establish ICS learners Bible Clubs in seven (7) secondary schools in each district. Each secondary school will have two teams of CTAM one serving junior and the other senior classes ICS Learners Bible Clubs activities in order to meet the need of learners according to their age group.

Seven (7) ICS Learners Bible Clubs each in each secondary school shall give us 14 CTAM multiply by 3 districts will have a total of 42 CTAM. The 42 CTAM will give us 126 Secondary school teachers serving on CTAM and 126 members of the community serving on CTAM and 294 learners serving on CTAM. Will have a total of 542 leaders on CTAM at secondary school level this year 2022.

In summary we are looking at 542 leaders on CTAM secondary Schools and 117 leaders on CTAM primary schools.

For both CTAM at primary and secondary school levels we shall have a total of 659 leaders on CTAM to run ICS learners Bible Clubs in three districts in the North Western Province as we pilot and establish this critical initiative in reaching our nation (Zambia) for Jesus Glory. Knowing very well that leadership play

key role in the orientation and direction of ICS Learners Bible Clubs initiative implementation.

We need to first train all CTAM members as we establish ICS Learners Bible Clubs in schools this year.

The following are items of prayers for actualization of purpose for this year 2022 ICS activities in schools.

- Purchasing of 357 Bibles to be placed in schools
- Training seminars for 659 Leaders to serve on CTAM
- Running cost ICS Learners Bible Clubs

**-We are seeking for help to start ICS Learners Bible Club at a school by sponsoring one (1) Bible Club at USD 450 for the year 2022.**

We Promise to give sponsors periodical reports (including photos, video clips, etc.) of ICS Learners Bible Clubs. If we can have someone to adopt and sponsor 17 Clubs then ICS learners club can start in one district as soon as possible.
