

My Career Becomes the Cause

The above heading is the theme of the Ignite Christian Service (ICS) program, an outreach tool for teachers, administrators, and other education professionals. Hence, ICS is a ministry model in servant leadership disciplines, for the mobilization of all God's people to active Christian service, to the glory of God and for the joy of communities, societies, and the nation.

ICS training conferences are geared towards meaningful deployment of Christians to serve God by serving those they come into contact with each day by virtue of their careers, places of work, or places in the community. Other professionals such as men in uniform, legal practitioners, those in public service, engineers, health workers, etc. will be targeted... Hence the theme, "My Career Becomes the Cause".

5 Days of My Life

The above heading is the theme of the Ignite Christian Service program, an outreach tool for learners in selected grades and school districts. "5 Days of My Life" will give an opportunity to learners to discover for themselves the foundation for Christian Thinking and the reality of the Christian Faith as an eye opener to personal achievement, entrepreneurship, spheres of global development endeavors and, be compelled by inner motivation to seek to be part of it.

This ministry model is designed to reach learners and ignite their God given talents and abilities for ongoing creativity, productivity, and innovation as they look beyond the horizons of formal education to connect to the family, community, and the national and global development agenda. This is to be achieved in a week long camp setting... Hence the theme, "5 Days of My Life".

Ignite Christian Service

**Changing Destiny by Making
Disciples of Jesus Christ through
Your Calling and Gifting**

**Mobilizing for the
World Christian Movement**

We are ushering God's people to active Christian Service according to their calling, gifting, and station in life.

Watch the children
and see the future of the society.

Role of the Church in Governance

Behind every basic social structure, system or process that has been affected by human sin, there are people who have the capability to move these institutions to greater heights in the delivery of services. We believe God has divinely deposited in the lives of many the ability to do good works but, overall, it has been largely overwhelmed by selfish ambitions that make life more about “me” rather than serving for the benefit of others and national developmental pursuits.

The role of the Church in the world can only be seen clearly when we first recognize the Creator’s purpose, for it is all about God...His Church, His Mission, His World.

The aim of ICS is to assist nations that in principle accept biblical norms as the foundational standard for governance and look to God for both spiritual and developmental pursuits.

Why ICS in Zambia Today?

The origin of the name of our country Zambia (and the name of our river Zambezi) has its roots with the Lunda people of North-Western Province. In a bygone era, the people marveled at how the modest and unassuming headwaters could eventually yield the power and thunder of such a mighty river. They exclaimed, “Nzambi eyi!” which means, “Oh God!”

So our country and its water are named after God and so the founding fathers of our nation were led in the naming of our country from Northern Rhodesia to Zambia. This purpose was vividly expressed by His Excellency Mr. Frederick Jacob Titus Chiluba (Zambia’s second president) and also the current President, His Excellency Mr. Edgar Chagwa Lungu as they both have reaffirmed the same declaration, that of Zambia as being a Christian Nation.

Therefore, the WOTA-ICS initiative is a God given Christian ministry tool to support both our country and its declaration as a Christian nation, finding expressions of Christian service in every segment of our society. The goal here is to gently move our great nation towards a more Biblical perspective in which Jesus Christ is crowned as “Lord of All” and is the motivating factor in all our good works.

WOTA’s Aim ICS’s Hope

WOTA’s Aim:

Our aim is the furtherance of the Christian faith in our generation for the benefit of the next generations of people and peoples. WOTA sees “mission” as the ‘call’ upon every believer’s life and the primary purpose of the church to serve communities, societies, and nations for God. We seek by God’s grace, to activate obedience to our Biblical mandate and calling to be, “Salt of the earth and Light of the world” for the benefit of Mother Zambia.

ICS’s hope:

We hope during our training seminars and conferences with learners and educators at different levels, we shall engage in journeying with them in their fulfillment in serving God by serving others through their lifetime achievements.

A Twin-Ministry Model:

ICS has a two pronged approach here to reach both teachers and learners with effective intervention in the discovery of new self-initiatives, capacity building, educational upskilling, and fully utilizing God given talents, gifts, and abilities to glorify God through a Christian world view that honors Him through service to others.

Yes, we will help ignite calling and gifting in the lives of Zambian learners and professionals.

ONE ZAMBIA
ONE NATION
